

Website	Best for	Age	Why recommend it
Topmarks Maths Games https://www.topmarks.co.uk/maths-games/5-7-years/counting	General practice	3–11	Huge collection of activities organised by age and topic.
Hit the Button https://www.topmarks.co.uk/maths-games/hit-the-button?	Number facts & times tables	5–11	Excellent for short, repeated practice of number bonds, doubles, halves, multiplication and division.
NRICH Primary Games https://nrich.maths.org/parents/primary	Problem solving & reasoning	5–11	Particularly good for developing <i>thinking</i> , strategy and mathematical reasoning rather than just recall. Games cover number, measurement, geometry and statistics.
Mathsframe https://mathsframe.co.uk/	Curriculum practice	5–11	Lots of interactive games, including times tables, arithmetic and KS2-style practice.
BBC Bitesize Maths https://www.bbc.co.uk/bitesize/subjects/zjxhfg8	Learning + practice	5–11	Good when a child needs an explanation as well as a game or quiz.
ICT Games https://ictgames.com/mobilePage/index.html	Short interactive games	4–11	Lots of simple teacher-made activities for individual skills.
Oxford Owl Maths Games https://home.oxfordowl.co.uk/kids-activities/fun-maths-games-and-activities	Younger children	4–7	Particularly useful for early number, counting and basic mathematical ideas.
